- Afmetingen (H x B x D) : 38.8 x 59.5 x

3 Installation and connection

3.1 Installation Instruction

- Please observe the special installation instructions.
- The appliance can be installed in a 60cm wide wallmounted cupboard.
- The appliance is fitted with a plug and must only be connected to a properly installed earthed socket.
- The mains voltage must correspond to the voltage specified on the rating plate.
- The socket must be installed and connecting cable must only be replaced by a qualified electrician. If the plug is no longer to accessible following installation, an all-pole disconnecting device must be present on the installation side with a contact gap of at least 3mm.

WARNING: Adapters, multi-way strips and extension leads must not be used. Overloading can result in a risk of fire.

3.2 Electrical connection

- The appliance is fitted with a plug and must only be connected to a properly installed earthed socket.
- Only a qualified electrician who takes the appropriate regulations into account may install the socket or replace the connecting cable.
- If the plug is no longer accessible following installation, an all-pole isolating switch must be present on the installation side with a contact gap of at least 3 mm.
- Contact protection must be ensured by the installation.

3.3 Appliance in a wall-hanging unit

The installation cabinet must not have a back panel behind the appliance.
Minimum installation height: 650 mm. Ventilation slots and intakes must not be covered.
